"KNOWLEDGE IS SAID TO BE POWER: AND IT IS POWER IN THE SAME SENSE THAT WOOD IS FUEL. WOOD ON FIRE IS FUEL. KNOWLEDGE ON FIRE IS POWER. THERE IS NO MORE POWER IN KNOWLEDGE THAN THERE IS IN THE STONES OR STARS, UNLESS THERE BE A SPIRIT AND LIFE IN THE KNOWLEDGE WHICH GIVE IT ITS ENERGY. IN PROPORTION AS MEN HAVE THEIR SPIRITUAL POWER THEY BECOME STRONG IN THE WORLD."

DEDICATION

To the most beloved people in our lives, we wish to show our gratefulness for the sacrifices they have made in providing for our educational, social, and spiritual needs, for their willingness to participate in community activities, and for their love of and devotion to all parts of our school activities.

As an attestment of lasting tenderness and love, as a confirmation of their devotion and courage, we humbly dedicate this, our Nineteen Hundred and Sixty One Bull Dog, to our beloved parents.

FOREWORD

Someone has said that "one picture is worth a thousand words." This being quite true, we have tried, in the publication of the Nineteen Hundred and Sixty-One Bulldog, to bring to you scenes of countless events from our growing institution.

This is recorded history. Scenes have been taken from various activities showing our growing family in action. The students are making their final debut in secondary school life. In their pictures, they are telling a beautiful story, giving account of their contributions here and paving the way for those that follow.

The staff and advisors would like to express and extend sincere appreciation for the cooperation given to them by each faculty member and student.

It is hoped that this reward of the activities of the 1960-61 school year is a memorial that will be treasured for the rest of our lives. It is further hoped that you will enjoy the Nineteen Hundred and Sixty-One Bulldog as much as the staff has enjoyed publishing it.

The Editors, Staff, and Advisors

ALMA MATER

True as the blue in the sky above, In bright clad colors she stands; Guarding us ever the school we love, the pride of Carolinian lands. Perched upon her throne of grace, in beauty, awe, and splendor; Within our hearts no other place can hold a spot more tender.

Dear old Tyrrell we never can forget the years we spent together; Sun-shiny days of joy, and then, unwelcome hours of gloomy weather. Though from thy fold we proudly roam, we often think of home sweet home; The dear old school we love sincerely.

If from thy vigil we never stray, or from thy pathway we trod; Grant that, fond mem'ries may lead the way and guide us, through grace to God. Through achievements we shall spell the words that build a story Of thee our Alma Mater tell of honor and of glory.

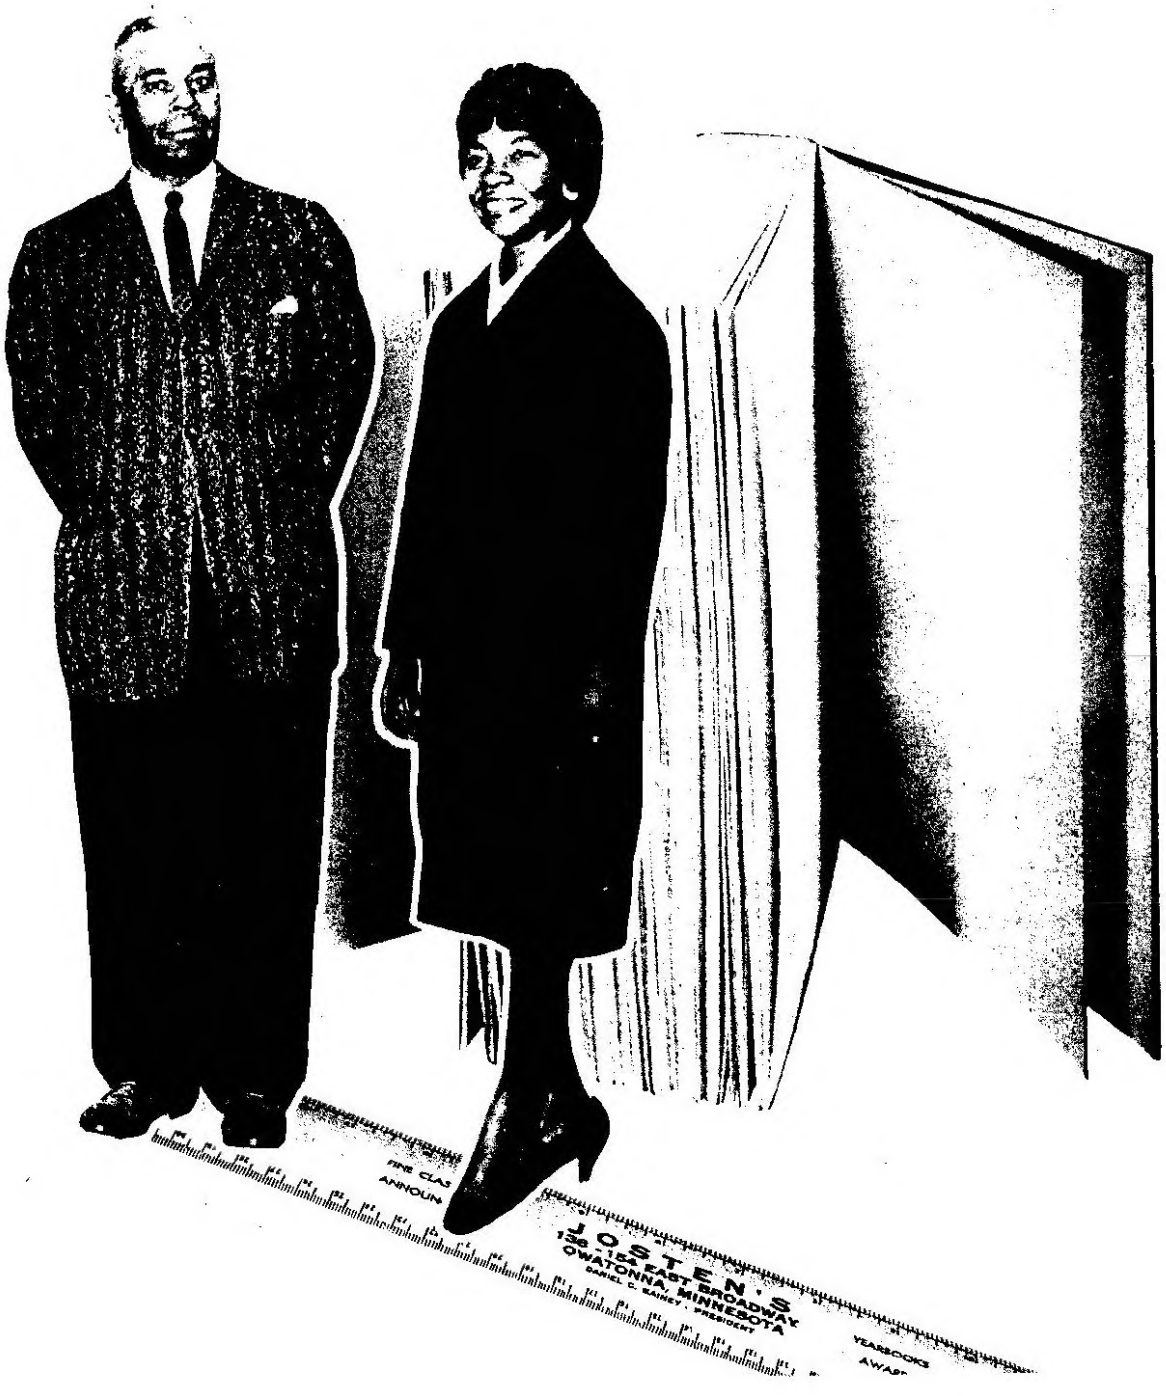
ADMINISTRATION



PRINCIPAL

Our beloved principal, Mr. Luther A. Keiser, came to Tyrrell High School March 22, 1946. He is a native of Oxford, North Carolina. He received his B.S. and M.S. degrees from A & T college, Greensboro, N.C., and did further work at the University of Michigan and North Carolina College.

During his years here, he has guided the youth of Tyrrell County toward higher intellectual achievements and steered them into the paths of respectful citizens of tomorrow.

During our four years under his administration, we have developed great admination and respect for him and his ideals . . . for we know his primary aim is the welfare of his students. Because of his keen interest in them, he rewards them with the very best cultivation of morality and character.

SUPERINTENDENT

Mr. M. L. Basnight, Superintendent of Tyrrell County Schools, received a B.S. Degree from the Atlantic Christian College, and the M.A. Degree from the East Carolina College. He has done additional study at the University of North Carolina.

Before coming to Tyrrell County, Mr. Basnight was an Elementary school Principal for 16 years, a high school Principal for 10 years, and has been with us for 8 years. Thus giving him a remarkable record and a total of 34 years experience.

Under his administration our school and county have seen much progress. After the consolidation of schools, we have seen before our eyes, the growth of a small unattractive school into a picturesque campus of beautiful modern buildings and equipment. His guidance has helped to make Tyrrell High one of the outstanding schools in North Carolina.

"May I say congratulations to the graduates of Tyrrell High School for the school year 1961. Your accomplishments in public school along with your determination to further your education may reflect greatly upon your success in life."

CLASS HISTORY

For eight long years, the class of '61 treaded the shores of Elementary Education at Tyrrell High School Beach. Some learned to swim better than others. Some took lessons for a short time, then dropped out to re-enter class at another time. Some drowned because they did not follow instructions, others were caught up in giant waves and swept out to sea because they disobeyed instructions by going too far out into the ocean and the life guarding hands of education could not meet their needs.

But despite the losers and the failures, we were looked over by one teacher a year, with restraints on each day's vibrant energies and loud vocal cords.

At last the time came for us to venture deeper into ocean waters. September 1, 1956 was a red letter day for 61 former Elementary pupils. We had reached our first goal. After having completed our basic instructions, we were ready to put our skills to work. We formed into a swimming team. Here a new world unfolded before our eager eyes, leaving those who could not swim at this point, behind. Challenging? Indeed! A world full of new books, new routines, and new instructors.

Mrs. H. S. Rowsom was assigned as our instructor and life guard for One Hundred and Eighty days. Class changing, five courses, lunchroom rushes, and study periods were soon discovered and mastered. Now was the time to put to use the skills and techniques we had been so carefully drilled in by our former instructors. Some of us realized we had learned well and put our learning to tests.

As Junior swimmers, we were anxious to take our positions on the various spring boards, under the direction of Mr. H. L. Hoover, who felt that shallow waters could be just as dangerous as deep waters. Therefore, he constantly encouraged all of his swimmers to venture into deeper waters.

At a little over half strength with only Thirty Six--one roll call August 29, 1959, the class faced its third year, determined to work harder and become qualified marine leaders. We tied records and broke records of those before us. Some of us even had time to put some of our energies in other activities. Billy Fenner, Amos Wrighton, Edward Rickard and James Mizzell, 1958 Rookies of the Basketball team, were examples of showmanship on our team.

Now, full pledged swimmers, the class of '61 is recording its last year of growth and expansion under the leadership of Mrs. J. Owens, minus 27 of the original 61. We are venturing into deep waters, testing and retesting, separating the haves from the have nots. We are racing for the second goal. The one, if it is reached, that will send us into that wide wide world of experienced swimmers. Some will continue to enroll into higher institutions of learning where the ragged edges will be smoothed, points sharpened and curves rounded. Others will take what knowledge they have and put to the best use possible.

But before the last lapse of the meet is finished, let us scan what has already been recorded. If we are good critics, perhaps we can predict the future of this team and its heroes and heroines.

AMBITIONS

Many years have sifted through the sands of time, and we, the class of '61 can look back with grateful thoughts, memories of hardships, and many moments to treasure. Let us look through the time machine of success and see those of 1971 that we knew in 1961. Some of them, perhaps, thought they would never see a triumphant and prosperous future. Thus, in the spring of 1961, we have hereon recorded our sincere and unfeighed ambitions.

Class Song

"We Will Miss You"
By--Mary E. Brickhouse
Tune--Merry Widow Waltz

We will miss you, we will miss you Tyrrell High
Parting time is here and we must say "goodbye."
Yes, we will remember, as right now we do
All the bounteous wisdom and worth of you.

We must leave you, we must leave you, teachers dear,
Knowledge, love and wisdom you have taught us here.
Parting is sweet sorrow;
It's something we must do
Yes, we'll always cherish the likes of you.

Now we're leaving, now we're leaving students kind.
Do your best like all the rest who left you behind.
Yes, you must remember to study, work, and strive,
Be the best in all you do for Tyrrell High.

Class Poem

Our dear school, Tyrrell High,
The time has finally come to sigh,
Because you have meant so much to us,
You are built upon a foundation of trust.

We hope the followers will find success,
And as we did, "do their best,"
To strengthen your foundation through the years,
With pure hearts, wisdom, and silent tears.

Finally, we must say, you are great,
Because you helped in all we tried to undertake;
In our hearts, there will always be a space,
Where we can honor your name with love and grade.
